

Bonjour everyone!

We have had a great first 2 months and are on our way to a wonderful school year. The children have settled into the daily routines and schedules of the Preschool. They have learned the names of their classmates and they have helped to establish the rules and expectations for their class such as respect and care for themselves and others. In academic, they demonstrate their understanding through interactive play, structured and unstructured learning and self-discovery. We are very proud of every child's accomplishments.

November's themes for the 4 year old: Dentist, five senses and music

We will talk about how important it is to have good teeth and how to best take care of them. In our five senses unit we will listen to different sounds, taste four different tastes. Guessing what is the object without looking but only by touching. Try to identify odors by smelling them.

November's themes for the 3 year old: Body parts, music and visit to the north pole.

We will learn the French name of different parts of our body by singing, dancing and painting. Learn to hold a tempo, what's mean rhythmic and knowing a few musical instruments. We will take a train to the North pole to visit the animal who lives there and we may see something else...

Dates to remember:

November 2 and 5: Blue Day

November 9 and 10: Class photo

November 11 and 12: No school closed

November 17 and 18 : Crazy Hair Day

November 19 and 22: Mad Sciences Bubble Potion

November 17 and 23: Montrer-Parler (Show'n tell)

Montrer-Parler:

3 yr old: Your child will bring a toy from home to show. The object must be in a separate bag, big enough to cover all the object. Your child will describe the toy (object) by the color and why he/she likes it in front of the classroom.

4 yr old: Your child will bring an object that makes sounds. He/she will describe the toy or object by the color, the shape and telling how the toy makes sounds. The object must be in a separate bag, big enough to cover all the object.

Happy November everyone!

Madame Claudette
